**Brief Description of Argument to be Presented:**

Applicant respectfully submits that the cited art does not teach, suggest, motivate, or otherwise obviate the following features: “providing a plurality of cascading filters for facilitating determination of a particular one of the discrete selectable audio/visual programs, the plurality of cascading filters being customizable for each at least one user[.]” “wherein the plurality of cascading filters simultaneously considers content across the plurality of media,” and “automatically adding information corresponding to a particular one of the plurality of discrete selectable items of audio/visual content to the updatable list of preferred items of audio/visual content when the area of visual focus is on a characterizing descriptor as corresponds to the particular one of the plurality of discrete selectable items of audio/visual content for greater than a predetermined length of time[.]”
